Subject: CFAC Phase I Site Characterization - Electrical Resistivity / IP Geophysical Survey Scope of Work
Attachments: removed.txt; Geophysical Work Plan-CFAC Phase 1-Spectrum.pdf; Figure 1.pdf

Mr. Cirian,

In accordance with the CFAC RI/FS Work Plan and Phase I Sampling and Analysis Plan, Roux Associates, on behalf of Columbia Falls Aluminum Company, is submitting the attached geophysical work plan. This document describes the geophysical surveying techniques that will be employed during the Phase I Site Characterization Pre-Intrusive Activities.

This work is currently scheduled to be conducted starting April 18th. The work will be conducted by Spectrum Geophysics (<http://www.spectrum-geophysics.com/>) as a subcontractor to Roux Associates, and Roux Associates will be present to oversee the work.

We can discuss further logistics of this work during our upcoming conference call scheduled for March 30th.

Please let me know if you have any questions.

Michael Ritorto
